# ABOUT US

---

The Australian Small Business Champion Awards is a prestigious and comprehensive program that supports and recognises small businesses across Australia. Since its inception in 1999 as the NSW Small Business Champion of Champion Awards, the concept grew, expanding in 2007 to recognise and celebrate the outstanding achievements of small businesses across all states and territories.

Developed and managed by Precedent Productions, a small business with 30 years' experience in managing successful awards programs, the Australian Small Business Champion Awards have grown into the flagship program recognising Australian small business excellence.

Eligible businesses from around Australia are required to complete an Awards Entry, consisting of a series of questions which evaluate their standard of excellence and overall success. From these businesses, finalists will be selected, which then compete with businesses in their category across Australia, with the winners being named at the gala presentation evening. With over 100 awards to be won, the Australian Small Business Champion Awards is a night of distinction, hard work and excellency.
