# PAC celebrates strong HSC results

Penrith Anglican College has paid tribute to its Class of 2023 and its outstanding HSC results. “The HSC results and ATARs achieved by our students continue the College’s reputation for strong academic performance. In 2023 we had 73 students completing the HSC, and two Year 11 students who completed one or more HSC

subjects,” said Felicity Grima, Principal. “We particularly congratulate our 2023 Dux, Amelia Forti with an ATAR of 98.0.” 20 students achieved a Band 6 or E4 result in at least one subject. 50 students (75 per cent) achieved at least one result at Band 5 or Band E3 or above, including three results which were notional Band 6s.

“We acknowledge the academic achievements of students at our College, but we believe that education is not limited to academics alone. An education at Penrith Anglican College is also about nurturing and shaping the hearts and minds of our students so they can follow Christ and serve others,” Grima said. “Our values of compassion,

integrity, humility, courage, and perseverance form the building blocks of our college community and culture as we support our students to build strong character, meaningful relationships and look beyond themselves. “We would like to thank the teachers and staff of the College whose hard work and encouragement have empowered our students to

achieve their best. We would also like to acknowledge the parents and families of our students who have encouraged and supported their children and the College throughout the learning journey. “Year 12, Class of 2023, we are immensely proud of you and all you have achieved. We wish you every success and happiness for the future.”

## Penola HSC 2023 High Achievers

In 15 subjects Penola students achieved the highest 2 bands  
One third of our cohort completed a Diploma of Business

## 2023 DUX: Amelia Forti 98.0

The College Dux for 2023 is Amelia Forti who achieved an ATAR of 98.0.

Amelia is taking some time to consider her options for 2024. "I have a few areas of interest. To either study an Engineering or Science degree at the University of Sydney or the University of New South Wales, or sit the UCAT exam and apply to study medicine. I am interested in becoming a doctor or dentist. At the moment I will continue working part-time for an engineering company and hopefully travel overseas at some stage."

Amelia has advice for the 2024 cohort. "Getting enough sleep, eating healthily, exercising, and spending time with family and friends is really important, especially during assessment periods. Making time for the things you love to do, such as sport, or socialising will make the year a lot less stressful. My most important advice would be staying organised, setting short-term goals, and taking it one day at a time."
