

PAC thrilled with results

Penrith Anglican College congratulates its Class of 2022.

"Our students repeatedly achieve excellent academic results at the end of Year 12, and 2022 was no exception. We're proud of these achievements, however, we're equally proud of the depth of character our students develop during their time at the College," Penrith Anglican College Principal, Felicity Grima said.

"In 2022 we had 67 students completing the HSC. We congratulate each student for the courage and perseverance they have shown to achieve their best, particularly in light of the ongoing challenges presented by COVID-19 during their final years of schooling.

"The HSC results and ATARs achieved continue the College's reputation for strong academic performance.

"We had 21 (11 per cent) students achieve Band 6 or Band E4 results in at least one subject with 94 per cent of our students achieving at least one result in the top three bands."

The College particularly congratulates 2022 Dux, Benja-

min Mallin (pictured) with an ATAR of 98.75.

"For many of our Class of 2022, we have walked with them not just in their final year of school but through a significant part of their childhood. They have not simply been part of an educational institution but a community that is shaped by the Gospel of Christ," Grima said.

"We would like to thank the teachers and staff of the College whose hard work and encouragement have empowered our students to achieve their best. We would also like to acknowledge the parents and families of our students who have encouraged and supported their children and the College throughout the learning journey.

"Our students have different plans for 2023. Whether it be further study, starting an apprenticeship, joining the workforce, or travelling, it is our hope and prayer that they will think about 'who' they want to be and not just 'what' they want to do.

"Year 12, Class of 2022, the College is immensely proud of you and all you have achieved. We wish you every success and happiness for the future."

Message from the Principal of St Paul's Grammar School

Congratulations to our hardworking and talented Year 12 students who have again produced some exceptional results. Despite the many unexpected challenges of the last few years, they have not only persevered, but excelled.

As the only school in the greater west of Sydney to offer both the Higher School Certificate (HSC) and the International Baccalaureate (IB) Diploma Programme, senior secondary students at St Paul's choose the credential that best suits their skills and interests.

Combining our HSC and IB 2022 results, 33% of students achieved an ATAR above 90 and 52% achieved an ATAR above 80, with strong results recorded across a broad range of subjects. I especially congratulate the 2022 Dux of St Paul's, Keira Hastings, who received an ATAR of 99.90.

These excellent results are especially pleasing given the disrupted nature of the past three years. Through fires, floods and pandemic, Year 12 have been on an unexpected journey. Their resilience and determination

across these tumultuous years displays a resourcefulness and strength of character every bit as impressive as their grades.

Regardless of whether our students choose the HSC or the IB Diploma Programme in their senior years at St Paul's, they are gifted with an education that equips them with skills required for the twenty first century – our dedication to this intent is absolute and can be clearly demonstrated by our teaching and learning initiatives over the years.

At St Paul's, we lay the foundation for our students' ongoing achievement, year after year, with our commitment to nurturing and educating the whole child. The extensive co-curricular activities offered at St Paul's help students grow academically, physically, emotionally, and spiritually within a safe

and supportive environment. At St Paul's, students are empowered to be involved in the full life of the school at every stage of their journey from Pre-Kindergarten to Year 12.

It is always inspiring listening to our graduating students' hopes and aspirations for the future and we pray for God's blessing on them as they commence a new stage of life.

Whatever field of endeavour they now choose to undertake, I am proud of the role that the teachers, staff and the wider school community of St Paul's have played in the development of each students' interests and character.

The graduating class of 2022 leave St Paul's as a remarkable group of people – resilient, knowledgeable, caring, and compassionate – with a determination that's inspiring. We can't wait to see what they do next.

HSC ACHIEVEMENTS

SPONSORED CONTENT

Penola students shine in exam results

Congratulations to Penola Catholic College's class of 2022 for their outstanding HSC results.

Over the last two years, the College community has been affected by COVID, floods, fires and personal challenges.

Throughout all this, Penola students were able to show resilience and focus on their studies. These results are a testament to the hard

working students and the strong academic support of the teaching staff at Penola Catholic College.

The top two highest ATARs

were 98.1 achieved by Torrance McLean and 93.25 achieved by Broc Geronimi. These students also received the top bands for every

subject they completed during their HSC.

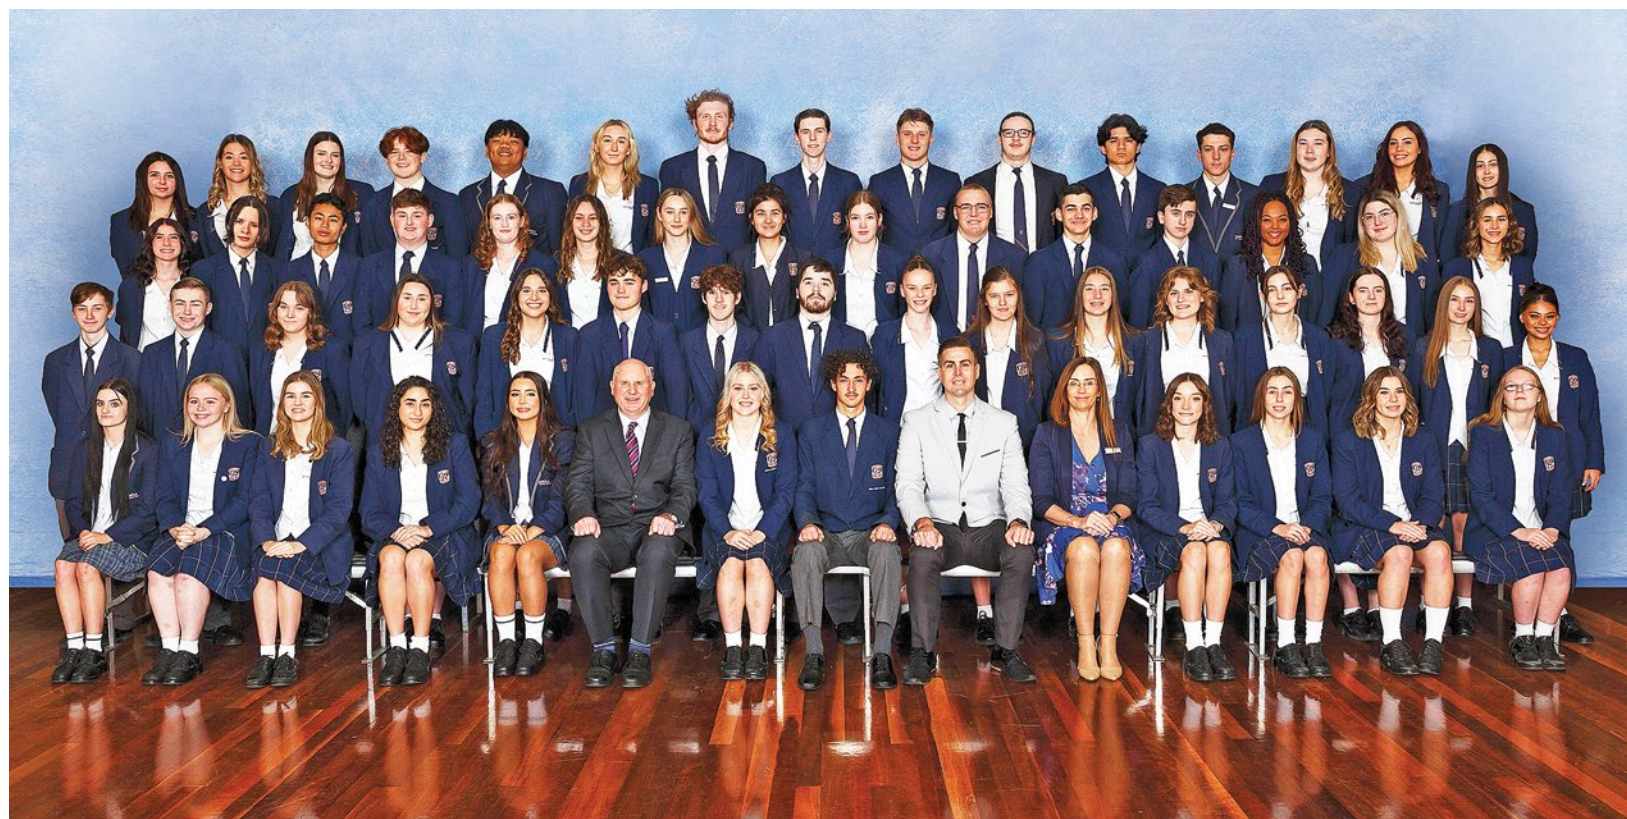

In 18 subjects Penola students achieved the top two bands, which is a wonderful achievement!

Penola Catholic College, Emu Plains is a 7-12 co-educational Catholic School that is focused on developing passionate and resilient life long learners who are creative, innovative and responsible citizens of our community.

Their dedicated teachers aim to promote a sense of personal success for each student.

High expectations are evident in all aspects of school life, and the students are encouraged to exceed their academic expectations to ensure they are highly employable post school and prepare for whatever future they decide upon - University study, college/TAFE study or commercial employment.

With great pride Penola Catholic College congratulates their class of 2022 and wish them well in their future endeavours.

Congratulations
