*"Imagine a gender equal world. A world free of bias, stereotypes, and discrimination. A world that's diverse, equitable, and inclusive. A world where difference is valued and celebrated. Together we can forge women's equality. Collectively we can all #EmbraceEquity"*

Here at team ALA Law, we work daily towards equity in gender, and to celebrate women's achievement, raise awareness about gender discrimination and take action to drive gender parity.

Sara Louise  
Owner & Photographer

My Photography business has won several awards including the most recent, Best Sole Operator, in the 2022 Local Business Awards. I aim to show women their true worth using my lens and I'm currently working on a project to help unite women to see how truly beautiful they are.

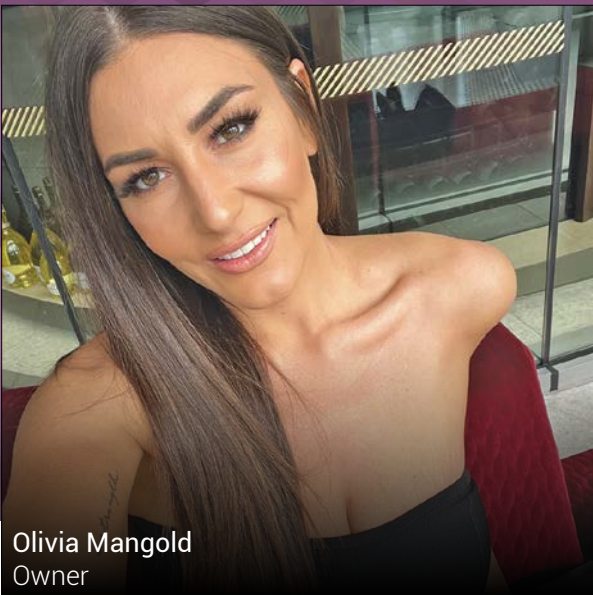

I love volunteering with Inspiring the Future Australia, showing young local kids a different view of business and careers and I currently sit on the board for Penrith Relay for Life. To me, International Women's Day is a reminder to celebrate who we are and the work we put in to get there - and I will endeavor to support any woman to achieve her career or motherhood goals.

Olivia Mangold  
Owner

My name is Olivia Mangold and I am the owner of Insignia Hair and Day Spa in Jamisontown. I have owned the business coming up to 4 years this year. I have always aspired to own my own business in hair and beauty and wanted a "one stop shop" as I am trained in both skill sets and wanted to be able to use my skills in one place.

Insignia has been an amazing opportunity and a recent discovery of true purpose, which is helping people find beauty within themselves. I look forward to growing and educating myself as well as opening new doors to peruse my obligation and create changes in the world.

IWD is important to showcase the incredible things as women we can create for ourselves and our community. It's such an important day to represent strong, resilient, hard working women and work towards closing the gap in society, creating equality and opportunity, and celebrating women in power.

## Dee Barlow - Kingswood Country Brewer

International Women's Day has been a celebration for Equal Rights, Ending Violence, Educating and Equality, amongst so many other focal points for Women throughout the world for over 100 years. Everyone should feel proud of what our ancestors started, and what we, as today's generation of Women, have accomplished and the way we all keep moving forward in the world.

Women today have taken on so much more than our ancestors, and have done it with pride, power and efficiency.

Working in a predominately male industry, I have always felt accepted and respected by those I work alongside. This shows me that our previous generations of women working towards these goals have planted the seed of progress for generations to come.

Happy International Women's Day 2023 to all!!!

Aussie Home Loan St Marys & Wetherill Park

As the owner of both Aussie St Marys & Aussie Wetherill Park, I believe that our business offers our clients a unique proposition because we genuinely work on their behalf to find the right solution for their specific needs. We have a diverse team who are committed to going above and beyond to achieve great outcomes for our clients and within that team we have 3 wonderful ladies who are all dedicated mums and some of the most professional people I have worked with.

Across our team we have over 25 years of financial services experience and we are passionate about creating a relationship with our clients that is for life. I believe that all women have the ability to impact their world in a significant way whether they are working in the workplace or at home. One of the things I like encouraging the woman in my world to do is, dream big, be brave and don't give up if you believe in it what you are dreaming for.
