

2023 SCHOOL ENROLMENTS

SPONSORED CONTENT

Next stage of school to open in 2023

Jordan Springs Public School is a newly established school in its third year of operation.

The school currently features 37 inclusive learning spaces and three support classes for students living with a disability.

In 2023, Jordan Springs Public School is looking forward to the opening of the second stage of their school build, which boasts 14 additional learning spaces, landscaped play areas and a sporting field.

The school focuses on the well-being of each child to determine academic success and goal setting. This enables each individual to navigate their own educational journey whilst setting lifelong systems of practice to evolve as a learner.

From the start of the school journey for a student at Jordan Springs Public School, inquiry learning is the centre of their educational delivery.

In Kindergarten, play based learning systems allow the students to explore, experiment and immerse themselves in all curriculum areas ready to draw on these concepts in explicit lessons throughout the day.

As students progress through each grade, the ability to enhance the skills of critical and creative

thinking has seen students working with external partners, such as Lend Lease and the Sydney Metro Project to deepen the authenticity of

teaching and learning.

The school's learning inquiries support students to prepare for careers and roles in the commu-

nity that help to shape them to be committed to the future they see for themselves and for others.

Jordan Springs Public School

welcomes community engagement and enjoys the rich, vibrant nature this provides for them.

Warm and friendly community spirit

St Nicholas of Myra Primary School is nestled in the heart of the Penrith CBD.

The school has a warm, friendly feel which is often commented on by its families and their extended members when they attend its community events as well as by any visitors.

It is a boutique school which is like a small family unit where all the staff know the students and families.

The school strives for all its graduate students to be active, curious, informed, and responsible citizens who uphold their Catholic faith in order to flourish in an ever-changing world.

Each child is encouraged to develop holistically with many opportunities to get involved in a wide range of sporting and creative activities.

All the educator's love learning and believe children are at the centre of learning.

Together in partnership with parents and carers, the staff help the children to grow spiritually, academically, emotionally, behaviourally, physically and socially.

The students are expected to articulate and share their learning celebrations and next steps with their parents.

The feedback St Nicholas receives from neighbouring high schools is that its students are kind, well mannered, confident and have great learning approaches.

The school is enrolling for 2023 and 2024 Kindergarten and accepts enrolments throughout the year as well.

To find out more visit www.stnicholaspenrith.catholic.edu.au or call 4752 3300.

St Dominic's College students enjoying their brand new state of the art gym

St Dominic's College students enjoy brand new learning spaces and modern facilities

Delivering Excellence in Boys' Education to the Penrith Region for over 60 Years, St Dominic's College has recently completed their Block E development, providing students with a brand new, fully fitted out modern gym, dedicated music studios, student shower and toilet amenities and a multi-purpose lecture theatre.

With modern, newly built facilities, St Dominic's College provides the Penrith Region with the perfect learning environment for young men, by developing a personalised approach to learning, centred on the needs of every student.

In addition to these new facilities, St Dominic's College are finalising their second phase redevelopment of A Block, which will provide students with

a brand new learning centre. The Edmund Rice Learning Centre will be a social, cultural and educational learning space creating vibrant links between e-learning, information management, critical literacy and knowledge creation.

St Dominic's College continues to build on their commitment of continual improvement and development of their contemporary facilities, all of which will directly benefit current and future students.

Newly completed Block E which includes a gym, modern bathrooms, music studios and lecture theatre

The recently completed development also includes dedicated music studios

AUDITIONS NOW OPEN

CIRCUS ARTS - CREATIVE ARTS - DANCE - DRAMA - MUSIC

Nepean CAPA High School is excited to offer auditions for students interested in being part of the Creative and Performing Arts in 2023.

The school's motto 'Aspire the Heights' means realising one's potential. This is achieved through a student's willingness to work hard, take risks with their learning, improve and broaden their skill set, work with and support others and have high expectations of themselves and others.

At Nepean we believe that each student brings unique talents and interests that must be engaged and nurtured for success. Our core values of Care, Opportunity and Success enable us to promote and celebrate all that is great about Public Education.
